### WAI-O-TAPU

Wai-O-Tapu (Sacred Waters) is New Zealand's most colourful and diverse volcanic area. Wai-O-Tapu is situated just 27km (20 min drive) south of Rotorua on SH5. The Visitor Centre provides the gateway to this natural geothermal environment, with walks through the area ranging from 30 to 75 minutes.

The walks take visitors on a journey through stunning geothermal activity where they can absorb unique features such as naturally coloured hot and cold pools, the world famous Champagne Pool which occupies a 65 metre wide explosion crater, bubbling mud (the largest boiling mud pools in NZ), steaming ground, expansive vistas, huge volcanic craters and sinter terrace formations.

The natural bush setting adds another dimension to the experience, as does the Lady Knox Geyser which erupts daily at 10.15am (reaching heights of up to 20 metres).
